The Luxury 50 List 2018

*The exotic and new drives our Luxury 50 List this year, now in its **5th Edition**. These newly minted hotels all have secrets to uncover, whether in the stories of their inspirations, history, or in their unique experience of luxury—all designed for exploration of the world within and as oases from the modern world. Where relationships are the new adventure, and hunting for the best selfies the new safari.*

Golden beaches of Banana Bay

78 rooms and 48 suites hug the golden sand beach of St. Kitts with lavish suites and private rooftop plunge pools, including no less than three restaurants and the Miraval spa, a first for the islands. Tropical-zen reflecting pools greet you upon arrival filled with water lilies and framed by walls of exotic tropical foliage.

Panoramic views of St. Nevis and the Caribbean define the experience in rooms with high ceilings, neutral colours and private verandas that help you beat the heat. The understated British-colonial aesthetic reflects the region's history, providing a stately retreat.
